Cameron - Brother of the Bride

Date: January 23rd 2017

Mental Health History

Cameron has a history of violence and manic depression. When attending highschool there were several disciplinary reports made against him including but not limited to use of a weapon, threats, threatening behavior, smoking marijuana on school property, theft, and defiance. We believe it was a result of a turbulent homelife with bruising on his arms leading them to turn to using alcohol and marijuana as a coping mechanism.

Diagnosis

Alongside their previously diagnosed depression there is likely a build up of anxiety that manifests through angry and violent outbursts. This has been a consistent theme for Cameron as they moved through middle and highschool.

Current State

He is now seeing a counselor on a consistent basis and learning healthy ways to vent his emotions in a safe place. He is slowly improving as he begins to open up and trust more freely.
